**Macworld writes,** Cellular pendant In this week's iPhone case roundup, you'll find a way to keep your phone on your neck, a case that combines modern technology with the world's most ancient construction material, and the usual mishmash of protective coverings. DodoCase The Durables Wallet (iPhone 5, 5s, and 5c; \$50) combines a waxed-canvas exterior with a colorful, cotton-twill interior and genuine mahogany-leather accents. It features two pockets that you can use to carry some cards or cash. The sleeve comes in sage, natural, or navy. Evutec The Wood S (iPhone 5 and 5s; \$40) combines tradition and...
